THE THERAPY AND PERSONAL DEVELOPMENT ASPECT OF N.L.P

***Do you know about the specific types of questions to ask in therapy, relationship, sales or business, which will make a huge difference to the information you elicit and the results you will get?**

***Do you want the ability to access and utilize much more of your own potential?**

***Would it be useful to you to learn how to elicit, change and install helpful perceptions of reality for personal growth, helping clients, or to create more successful business outcomes?**

***Can you imagine having a more sophisticated use of Advanced Language Patterns, so that you can be more effective with your clients?**

***Would it excite you to learn Thirteen Reframes which can cause a neurological shift and affect change for the better in anything from health conditions, apathy, stress, negativity, anger, powerlessness etc?**

***Do you sometimes wish you had the expertise to notice and then artfully reverse un-useful presuppositions in yourself or others?**

***Do you want to develop the skill of recognizing, generating and playing with Milton Model Trance Language Patterns?**

**The only question to ask yourself now is...
Are You Ready To Learn These Advanced Skills
And Make A Difference To Your Life Now?
This 'NLP Master Practitioner Training'
Will Teach You How!**

WHY 'IN TUITION' N.L.P. TRAININGS ARE AT THE TOP OF THEIR FIELD

***Internationally Recognized IANLP Certification**

***Original 18 day training as the certification criteria.**

***Accelerated learning techniques**

***Un-compromised dedication to authenticity**

***Ethical guidelines and a mind, body, spirit approach to learning and practice.**

***Participants receive individual attention from a world class trainer.**

Master Practitioner Training will increase your knowledge of NLP in such a way, as to be able to provide you with a more specific understanding of how human beings create their reality and what to do when un-resourceful states or behaviours arise

The purpose of you attending this 'In Tuition' NLP Master Practitioner Training, is to help you build on and to accelerate the foundation skills that you received on NLP Practitioner Training.

Developing these deeper understandings and forming more extensive neurological networks within yourself, will help you become more decisive in knowing which tools to use and how to utilize them in a variety of life situations.

Whether you want this training for business, therapy, teaching, coaching, motivation, conflict resolution or for personal development, I personally guarantee that in the future, when you look back at what you learned on this course, it will have proved invaluable in your ability to remain more confident, more intelligent and more aware, in a vast array of your life experiences.

THE BUSINESS ASPECT OF N.L.P.

When you take this NLP training you will learn the foundations of how to create successful strategies that will help you to forge ahead in your business as well as in your personal life.

***Learn processes which will enable yourself or your team to create, define and motivate towards a desired outcome.**

***Get in-depth knowledge of what successful companies do that lets them know who is the right person to employ for a particular position.**

***Learn how to elicit, change and install values**

***Create a modeling project and learn how to help someone build a new skill set.**

***Discover how to install a new strategy that would be useful to have.**

***Develop essential consulting skills to use in your business.**

***Learn how to design successful presentations.**

***Know how to communicate effectively when situations arise where there is a need to resolve a conflict, or conduct a negotiation, or give a speech.**

***What is a co-dependent triangle and third party law? Find out why it is important to be aware of how this operates in your business and personal relationships?**

***Deliver speeches which will keep others listening.**
